Experience

DentalSuite: Dynamic Solution for Dental Clinic Management System with Content-based Filtering in Recommending Dentition Services.

(Capstone)

Web-based Automated Inventory, Purchasing, and Order Management System for Clanginess Cake Shop

(System Architecture)

I created both systems using the MERN stack. The Dental Suite is a platform that allows clinics to showcase their services to patients. It has appointment system and content-based filtering. In cake shop is a simple ordering system.
